**GET MORE FROM EVERY DROP**  
 Rain Bird offers three perfectly paired combinations of PRS spray bodies and high-efficiency nozzles.\* Each pair is designed to work together to deliver even pressure and coverage, consistent flow rates, and reduced misting and fogging — giving you the best possible performance across your entire irrigation system. All while saving water.

\*High efficiency nozzles are defined as those with a discharge uniformity (DU) > 90%.

## Intelligenter von Innen heraus.

### RC2 Controller

## Effiziente Hausgartenbewässerung

Rain Bird®-Produkte wurden speziell für Sie entwickelt und sorgen für eine einfache Installation, reibungslosen Betrieb und problemlose Wartung. Übernehmen Sie die Kontrolle über Ihr Business und Ihren Ruf mit der branchenführenden Technologie von Rain Bird.

### spart Wasser

Sparen Sie Ressourcen mit innovativen Rain Bird Produkten, die Wasser effizienter nutzen

### spart Zeit

Nutzen Sie die Rain Bird Zentralsteuerung und verbundene Geräte, um die Bewässerung zu automatisieren und Systeme aus der Ferne zu verwalten.

### spart Geld

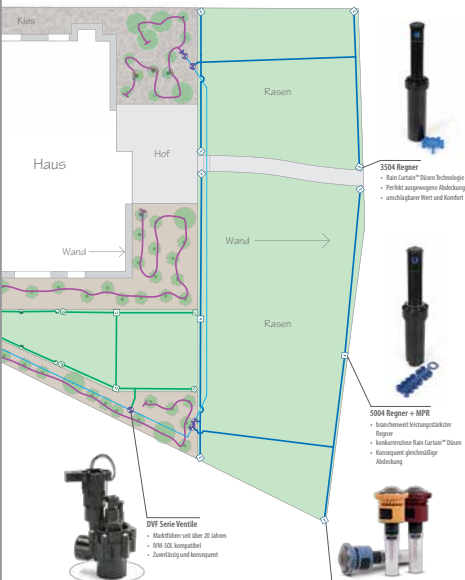

Weniger ausgeben und mehr erreichen mit Produkten die auf maximale Haltbarkeit ausgelegt sind.

## Effiziente Hausgartenbewässerung

- 1804 SAM PPS Spülregner**
  - eingebauter Auslaufventil
  - Geeignet für Schwimmbäder oder hohen Druck
  - Ideal für Vorgelände
- ESP-MEZ Controller + LMZ WiFi**
  - Steuerung von überall
  - EPA WaterSense-zertifizierte Kopplung
  - Herkömmliche Durchflussmessung
- FG 100 Durchfluss Sensor**
  - Präzise und genaue Durchflussüberwachung
  - Hohe Leistung in der Durchflussmessung
  - Ermöglicht Flexibilität beim Installationsort
- RSD Serie Regenmesser**
  - Automatische Systemabschaltung
  - Flexible Niederschlagsverstellungen
  - Schelle und einfache Einstellung
- RVS-CU Tropfzähler**
  - Die Copper Shield™-Technologie verhindert das Eindringen von Wasser
  - Hochleistungs-Blockschlüssel
  - Kein Lecklaufen der Leitung bei bis zu 3 Metern Höhenerhöhung

- 3504 Regner**
  - Rain Control™-Düsen-Technologie
  - Perfekt ausgeglichene Abdeckung
  - Unschlagbare Wert- und Komfort
- 3504 Regner + MPF**
  - hochentwickeltes Venturi-Regner
  - herkömmlicher Rain Control™-Düsen
  - Korrosions- und gleichmäßige Abdeckung
- DVI Serie Ventile**
  - Marktführer seit über 20 Jahren
  - Mit G2 kompatibel
  - Zertifiziert und korrosionsfrei
- R-VAN Düsen**
  - Einzigartige Abdeckung
  - Angewandte Hochdrucktechnologie
  - hervorragende Einstrahlung und Spülung

## The Comprehensive Commercial Solution

Set your clients up for success with intelligent irrigation products engineered to work in perfect sync to provide vibrant, healthy landscapes. Keep your commercial projects running on time and on budget when you spec Rain Bird®.

- Unparalleled Efficiency**  
Lean on cutting edge Rain Bird technology to save time, money, and water in any project
- Exceptional Durability**  
Rest easy Rain Bird products are proven to outperform the competition under the most demanding conditions
- Maximum Sustainability**  
Rain Bird products make it both easy and cost-effective to water smarter and conserve precious resources

## The Comprehensive Commercial Solution

**1804SAM PPS Spray Head**

- Built-in Seal & Matic check valve
- Suitable for fluctuating or high pressure
- Ideal for irrigated applications

**PEE/PES Series Valve**

- Optimized for dirty water irrigation applications
- Efficient, trouble-free performance
- Unbeatable durability & value

**5004, Falcon 6504 & 8005 Rotors**

- Ideal for large turf applications
- Streamlined Back-Cut™™ nozzles
- Consistent, even coverage

**PGA-TM Series Valve**

- 50% lower water splashes
- Reduces system cost
- Strong, simple & smart

**ESP-LXVM Two-Wire Controller**

- Fast, error-free installation
- Walk-Clas diagnostics
- True Ready interface

**iQ4**

**iQ4 Central Control**

- Full remote access
- Easy setup and programming
- Diagnose & solve problems in real time

**MFS-CV DripLine**

- Copper Shield™ technology prevents root intrusion
- Heavy duty check valve
- 10 feet of holdback
